LATEST NEWS

Find Woman Dead
SAN FRANCISCO, April 3.—Mrs. Esther Grant, said to be the wife of a Chicago broker, was found dead in her room in a hotel here today. Police say Mrs. Grant committed suicide. Friends declared that she had repeatedly said she would take her life when her resources were exhausted rather than work.

Warships in Collision
LONDON, April 4.—The American destroyer Fox collided with the British light cruiser Carac at the entrance to the Bosphorus yesterday, according to advices received from Constantinople today by Lloyd's. Both vessels, the report said, were badly damaged. The strong current was held responsible for the accident.

Burns Starts West
MIAMI (Fla.) April 3.—William J. Burns, chief of the bureau of investigation of the Department of Justice, left here for Jacksonville tonight on his tour of inspection throughout the South. He is expected to leave for Atlanta tomorrow night, thence to New Orleans and then to Los Angeles. Burns was reported to have confessed that he helped a convict escape from the Wall-to-wall explosion that killed thirty-nine persons in 1920.

Shooting Over Girl
Following an altercation over a 14-year-old girl, Ernest Williams, 22 years of age, was shot three times last night by an Italian barber, said by deputy sheriffs to be Laurence LaFaglia, who resides in the rear of 4619 Brooklyn avenue. The shooting took place in the rear of the LaFaglia residence. Williams was shot in the left side, the left arm and the right arm. He is in the Receiving Hospital in serious condition.

Girl Takes Poison
LONG BEACH, April 4.—As the result of a quarrel Miss Madeline Maurus, 22 years of age, took poison last night in her room in the Hotel Normandie, 140 American avenue, and has been slightly changed of recovery. She was found by her room mate, Miss Olive Meyers, who summoned the police. According to William Gibbs of 1801 East Ocean avenue, she and Miss Maurus quarreled last night because she went to a party with another man. The girl refused to talk after being taken to the Seaside Hospital. She is employed as a clerk at the office of the Southern Counties Gas Company.

HEARING PLANNED ON OIL DRILLING, BILL
BY A. P. MORT WIRE.
SACRAMENTO, April 4.—Chairman Charles A. Foster of the Assembly Committee on Oil Industry announced today that a public hearing would be held next Tuesday evening, the 10th inst., on assembly bill 1974, of which he is the author. The bill would regulate or prohibit drilling for oil in the State and being marooned for forty-eight days on Falsi, Bolonha Island. Clark and his party are en route to San Francisco.

VICTIMS OF DISASTERS NEAR HOME
BY CABLE-EXCLUSIVE DISPATCH.
HONOLULU, April 3.—R. N. Clark, former master of the schooner Defiance, his wife and seven members of his crew, arrived here today aboard the steamer Bonar Law, after having been the victims of two shipwrecks in the South Sea and being marooned for forty-eight days on Falsi, Bolonha Island. Clark and his party are en route to San Francisco.

MEXICAN SITUATION CLEARS
BANKERS' ASSURANCE RELIEVES BUSINESS DEPRESSION WHICH HAS HELD UP DEBT PAYMENT
BY JACK STARR-HUNT (EXCLUSIVE DISPATCH)
MEXICO CITY, April 3.—The general depression in business and banking circles here was somewhat alleviated by the statement from New York of Thomas W. Lamont, chairman of the International Bankers' Committee, that no difficulties exist between the Mexican government and the bankers, and that the Lamont-De la Huerta pact of last June is still in effect.

KRUPP WORKERS STRIKE
Thousands Walk Out as Protest at Shootings; Papal Delegate Concludes Ruhr Visit
BY CABLE-EXCLUSIVE DISPATCH.
ESSEN, April 3.—While the citizens of the Ruhr are wondering what the next move of the French will be following the clash of last Saturday, 54,000 workmen of the huge Krupp works here today laid down their tools and began a twenty-four-hour strike in protest against the shooting of their co-workers.

SPAIN'S SCOUT, ONLY SURVIVOR, DRAWS PENSION
WASHINGTON, April 3.—While the American Navy in its recent operations has been demonstrating how the Panama Canal might be used by an enemy fleet, the Army Air Service is said to have discovered that the logical base for action against the canal is the black, or "enemy," fleet of a few days ago. The logical base for action against the canal is the black, or "enemy," fleet of a few days ago.

Fascisti Win Tiniest Nation as New Recruit
ROME, April 3.—The Republic of San Marino, the smallest and oldest nation in the world, declared yesterday a complete Fascist government, comprising of three commissioners who are elected annually, by a plurality of 14,000 votes, according to complete unofficial returns. Bond issues carrying lake-front improvements appear to have carried the vote to annex the village of Rickeny to the city of Chicago seems, on early returns, to have carried.

LEGISLATORS SEE LEAGUE OPENER

"Play Ball!" Shout Emphatic
State Capital

Both Houses Pass Few of
Their Own Bills

Heavy Calendar Awaiting
Today's Session

(BY A. P. NIGHT WIRE.)
SACRAMENTO, April 3.—Almost the entire membership of the California Legislature, supported by a handful of so-called attaches, and a large group of lobbyists, chorused their approval today when the upper house called "play ball" for the opening of the Coast League season here.

As a result of this devotion to the national game the legislative bill ground out nothing this afternoon, and rested on its accomplishments of the morning. These included the passage by each house of a few of its own bills, but as neither house passed any bill originating with the state, no legislation was added to the completed list.

Tonight the Judiciary Committee of the Assembly occupied the Assembly chamber for the purpose of giving a public hearing to the proposed bills on the Criminal Jury Act, one being a proposed repeal of the entire act and the other some amendments for lessening its stringency, and the repeal must be approved by a two-thirds vote of the Assembly.

The bill went to the floor with the understanding that it would be reported to include many amendments that had been offered in committee and when so reported would be recalled to the Assembly for further consideration. The bill, which is the Senate measure on the same subject, has also been extensively amended, and will be ready for general consideration this week.

Both houses passed a heavy calendar tomorrow, but had agreed to halt their consideration of bills during the afternoon to visit the farm of the State University, located at Davis about twelve miles from Sacramento. No other interruptions to routine work were scheduled after this trip.

WAGE BILL ADOPTED
The Senate adopted 24 to 6 a bill by Inman of Sacramento to fix a minimum wage of \$12.00 for public school teachers. Its passage was a measure as a provision that the teachers desire.

If a school district can't afford to pay a living wage then it would be better off without a school, Inman declared.

Nelson of Eureka, opposed the bill, declaring it was wrong in principle because it deprived school trustees of a right which should be reserved by them.

The Senate also passed a bill by Allen, Los Angeles, that on petition of a majority of land owners, trees may be planted along public highways for the purpose of forming windbreaks, the cost to be borne by owners of abutting property.

The members of the Legislature and other invited guests were

entertained at dinner tonight by

Senator and Speaker Merriam, both of Long Beach, and were addressed by several citizens

Long Beach was discussed, and its representatives told the legislature

of the hope of the future, especially with reference to legislation now before them that they would bear on the development.

Numerous committee meetings were delayed in order that the legislators might attend the dinner.

WEALTHY NARCOTIC ADDICT IS JAILED

ENGINEER THANKS JUDGES FOR SENTENCE TO CURE CRAVING

(BY A. P. NIGHT WIRE.)
NEW YORK, April 3.—On instructions from his brother in Spain, William T. Buckley, 36 years of age, who, probation officials

claim, earns more than \$100,000 a year as a mechanical engineer, was sent to the workhouse by Judge

Frederick, Edwards and Kernochan, in special sessions, to be cured of the drug habit.

The engineer pleaded guilty to possession on March 3 of a quantity of heroin. Buckley is a brother of the head of the Ford automobile interests in Spain. Friends of the addict told the court today that efforts had been made to cure him, so that he might join his

family in Barcelona and the latter is said to have called, asking that Buckley be committed to jail to end the habit. Buckley thanked the justices, seemingly pleased that he had been sentenced, and said he would do all he could to make the treatment a success.

GOVERNMENTS AGREE

(BY CABLE AND ASSOCIATED PRESS.)
CHRISTIANIA (Norway), April 3.—The governments of Norway and Portugal have reached an agreement on the terms of the new commercial treaty, based on the free importation of wine into Norway from Portugal, which was recently authorized by the Norwegian Parliament.

PRINCE HAS AMBITIONS FOR STAGE

George Reported Preparing to Appear at London Music Hall

(BY CABLE-REUTERS DISPATCH.)
PARIS, April 3.—Prince George, the third son of the King of England, is stage struck and likewise poverty-stricken.

Charles Cochrane, the London actor, who arrived in Paris this afternoon, refused to comment on the young Prince's reported forthcoming appearance under the direction at a London music hall.

Such an action would be unprecedented in history, and it is not likely that it would be permitted by the King. Mr. Cochrane said he said he could not deny reports that Prince George's theatrical ambitions were getting into his head.

Prince George came up from the Riviera recently, where he first talked of his intention of dragging royalty before the footlights.

GARDNER WILL QUIT JOINT COMMISSION

ANNOUNCEMENT MOVE AT SEMI-ANNUAL GATHERING; DRAKE MAKES STAND

(BY A. P. NIGHT WIRE.)
WASHINGTON, April 3.—Announcement of the resignation from the International Joint Commission of former Senator Gardner of Maine, his chairman, was made today after its semi-annual session.

Statements published by the American National Parks Association regarding damage to Glacier National Park by the St. Mary's Milk River irrigation project along the Canadian-Canadian border, were challenged by R. F. Drake, representative of the Canadian Reclamation Service. He declared reports regarding damage to Glacier Park and to the Waterton, Canada, Park, were greatly exaggerated.

Compared to the value of projects for development of arid lands in Canada and Montana, Mr. Drake argued, the damage to the American and Canadian parks would be small. It would involve, he said, only the overflow of about 350 acres of partly submerged lands in Glacier Park, where a large dam for a storage reservoir is proposed. Statements that the irrigation waters of the St. Mary's Milk River project were not equally divided between American and Canadian someborders also were denied by Mr. Drake. No action regarding the project was taken by the commission, but it considered the position from many angles, including its possible enlargement from the northern tributaries of the Milk River.

COW RUSTLERS AT OLD TRICKS

(EXCLUSIVE DISPATCH.)
PHOENIX (Ariz.), April 3.—Cattle rustling is reported notably active in the New River section. So J. R. Bassett has been appointed a special ranger, commissioned by the State and the counties of Maricopa and Yavapai, to run down cattle thieves.

Anti-Japanese Fishing Bill Is Defeated Again

(BY A. P. NIGHT WIRE.)
SACRAMENTO, April 3.—The anti-Japanese fishing bill of Senator Inman of Sacramento was defeated by the Senate today, 25 to 18. The measure, which has been beaten at every session in the past ten years, was copied after laws in force in Oregon and Washington and was designed to bar all except Americans from fishing in the coastal waters, inland streams of California.

In his argument Inman declared Japanese are threatening to monopolize the fishing industry in the state as they have done in the Hawaiian Islands. He said white men could perform the work better than Japanese.

STATE'S ROAD PLANS SPEEDED

(Continued from First Page)

The highway problem leads me to believe that the northern road from Mecca to Blythe, through the desert center, is impracticable and not to any sense to be compared to a proposed road from Milam to Blythe. However, these are questions which have been the interest of people in Southern California to help us to solve.

"Committee on Roads and Orange county has studied the needs of the south and both myself and Commissioner Harding are agreed with him that we must, if necessary, take heroic measures to bring about at least a partial solution of the road problem south of the Tehachas.

We have provided for one transcontinental road that will be open the year round—from Yuma to the Colorado river, and the work of putting into good condition the Westmoreland road in Imperial Valley that links El Centro with Los Angeles.

In addition, said the highway committee chairman, "we want to do what we can in the immediate future to condition the transcontinental link between New Orleans and San Francisco by a proper road with drainage facilities to be maintained in good shape."

Mr. Toy said that the highway commission will seek a conference with the river and the Imperial counties in an effort to obtain relief for the communities of the Colorado river valley suggested itself, he said, that the State and county road authorities may be able to work out a joint plan acceptable to all.

RIGHT OF WAY SOUGHT

He also announced that the Los Angeles Board of Supervisors will be asked to furnish the commission with a right of way through the Riverside and San Bernardino counties to obtain such right of way, in order to relieve the highway of the necessity of employing counsel in the matter.

Such procedures by county engineers, he said, is customary. The Los Angeles Board of Supervisors will be asked, in addition, he said, to obtain an eighty-foot right of way from the Riverside and San Bernardino counties to obtain such right of way, in order to relieve the highway of the necessity of employing counsel in the matter.

Such procedures by county engineers, he said, is customary. The Los Angeles Board of Supervisors will be asked, in addition, he said, to obtain an eighty-foot right of way from the Riverside and San Bernardino counties to obtain such right of way, in order to relieve the highway of the necessity of employing counsel in the matter.

Such procedures by county engineers, he said, is customary. The Los Angeles Board of Supervisors will be asked, in addition, he said, to obtain an eighty-foot right of way from the Riverside and San Bernardino counties to obtain such right of way, in order to relieve the highway of the necessity of employing counsel in the matter.

Such procedures by county engineers, he said, is customary. The Los Angeles Board of Supervisors will be asked, in addition, he said, to obtain an eighty-foot right of way from the Riverside and San Bernardino counties to obtain such right of way, in order to relieve the highway of the necessity of employing counsel in the matter.

Such procedures by county engineers, he said, is customary. PINCHOT ASKS AID OF STATES

Western Commonwealths to
Take Up CudgelsFederal Water Power Act Is
Believed in DangerPennsylvania Governor Has
Battle Lines Laid

[REUTERS DISPATCH.]

WASHINGTON, April 3.—The
nation-wide movement to enlist
Eastern and Western States in
Gov. Pinchot's fight against the
suit of the State of New York to
test the constitutionality of the
Federal Water Power Act was
given added impetus today in
the form of a resolution passed
by the Pennsylvania Governor's
Association.The Federal Water Power Act
should be upheld as a matter of
first importance to conservation,
asserted Mr. Pinchot, "because
Pennsylvania realizes that she
is entitled to the support of all
States in the conservation of national
resources. Were it not for the
Federal Water Power Act, many
Western States would not be able
to carry on large reclamation
projects."

PROJECT UNANIMOUS

According to Mr. Craig, the New
York suit, which Gov. Smith
hoped to establish the right of
New York State to retain all de-
veloped power within the State's
boundaries, does not threaten
directly the St. Lawrence ship-
canal project.There is the prospect of in-
direct harm to the ship-canal
project, said Mr. Craig, "and the
association will take steps to pre-
vent that possibility."In the last analysis, I do not
believe the intervention of a great
many States in this matter will
make any difference in the de-
cision of the Supreme Court, which
I expect to uphold the Water
Power Act, but we want to inter-
vene so there will be no question
of it."The association will take steps to
prevent that possibility.In the last analysis, I do not
believe the intervention of a great
many States in this matter will
make any difference in the de-
cision of the Supreme Court, which
I expect to uphold the Water
Power Act, but we want to inter-
vene so there will be no question
of it."The association will take steps to
prevent that possibility.In the last analysis, I do not

TRAVEL TERRORS BRAVED BY BOY

Seven-year-old Journeying
Alone from New York
to Honolulu

[REUTERS DISPATCH.]

CHICAGO, April 3.—A 7-
year-old boy trudged down
the platform of the Union
Station here today, wrestling
with a heavy suitcase case, be-
ginning the second lap of a
140-mile journey he is mak-
ing alone.The boy is Russell Rob-
erts, who left his grandpar-
ents in Buffalo to join his
father, R. J. Roberts, in Hon-
olulu. Tucked away in the
case were an American
baseball and glove.

PAINTING OF NUPTIALS IS FROWNED ON

King Decides Palace Must
Not Be Made Gallery of
Family Portraits

[REUTERS DISPATCH.]

LONDON, April 3.—King George
does not want Buckingham Palace
or Windsor Castle to become fam-
ily portrait galleries, so the scene
of "Bartley and Bartley" wedding
caused disappointment throughout
Chelsea and other haunts of paint-
ers just preparing for the opening
of the Royal Academy, where Frank
Salisbury's painting of the Las-
celles wedding at Westminster is
expected to be one of the outstand-
ing attractions. A commission to
put on canvas a wedding or other
notable occasion in which royalty
is concerned is the most coveted
prize in the artist's world.

Settlement of Mine Land Title Will Be Decided

[REUTERS DISPATCH.]

TOMBSTONE (Ariz.) April 3.—
There is to be determination in
the Supreme Court by Judge
Barnes of the question whether a
valid mining location may be made
on ground that is covered by an
accepted land grant. The case in
point is that of the Occidental
Land and Cattle Company against
California Gallager and concern-
ing title to a number of mining
claims near the old Silver Mine
near Charleston, on the San Pedro
River. Patent to the mining claims
was refused by the Arizona land
office on the ground that the
grant rights take precedence. The
grant is one that was made by the
Mexican government in 1827 and
which was accepted under the terms
of the Gadsden treaty of 1853, by
which the United States acquired
that part of Arizona lying south
of the Gila River. In 1898 the
grant was confirmed by the United
States Court of Private Land
Claims.

[illegible]

Paddock, with victories in the century and furlong, were second on the U.S.C. list at point-collecting. Martz did not take as many points, but his win in the 440 and his final lap in the relay were impressive. Right now Martz could take on any quarter-miler on the Coast and trim him. The Trojan 440 ace is just right and he has enough stamina to thoroughly wear out most athletes. If Martz improves

favorable Sunday's double-header will outdraw this.

LAYTON 'TRIMS' AUGIE IN BILLIARD MATCH

[BY A. P. NIGHTWIRE.]

CHICAGO, April 2.—John Layton, national three-cushion billiard champion, gained a 14-point lead

tries from all parts of the Pacific Coast and several from the East. In all there are 150 animals listed in 250 entries of sixty-six classes. The stakes and premiums represent an outlay of \$12,000. There are two stakes of \$1000 each. There will be performances beginning at 8 each night this week, with a children's matinee Saturday at 2 p.m.

The show was opened by the entrance of a smacking four-in-

PEACE LEAGUE ATTACKS FRIES

General's Charge of Treason
Drains Fire

Prevention of War Council
Enters Lists

Accusation of Unpatriotic
Action Denied

(SPECIAL DISPATCH)
WASHINGTON, April 3.—Brig-
Gen. Fries, chief of the Chemical
Warfare Section of the War De-
partment, was attacked on two
fronts today for having in recent
public addresses denounced as
"nothing short of treason" the
oath of pledges of the Women's
International League for Peace and
Freedom to take no part in future
war, and for accusing the Na-
tional Council for Prevention of War
of unpatriotic conduct and of
promoting the aims of Com-
munist.

On behalf of the League for
Peace and Freedom, Miss Amy
Wood, national secretary, in a
telegram to Gen. Fries made public
by her organization denies that the
oath or pledge in question was
ever taken, the question of a pledge
not to take part in future war,
as a test of membership, having
been put to a vote at the annual
meeting of the league in Wash-
ington in May, 1922, and lost by a
large majority.

SECOND ATTACK
The other attack on Gen. Fries
was led by Frederick J. Libbey,
executive secretary of the National
Council for Prevention of War,
who issued a broadside in reply
to what he termed the "charge
emanating this week from the War
Department that organizations
working for world peace are 'at-
tempting to gag' officers of the
Army, and that the purpose of
these organizations are 'unpatriotic'."

"The issue between the National
Council for Prevention of War and
the War Department," asserts Mr.
Libbey, "is not whether Army offi-
cers are to be 'gagged' but whether
citizens are to be executed and
whether Army officers are to be
upheld in indiscriminate and un-
warranted abuse of those who do
not support their policies."

PROTEST IS SENT
A protest addressed to the Sec-
retary of War and signed by John
A. Ryan, Mrs. Maud Wood Park
of the National League of Women
Voters, Alice Brandies, wife of
Joseph Brandies of the United
States Supreme Court, Miss Ethel
Smith of the National Women's
Trade Union League, and F. Jan-
ney Brown, all of whom are mem-
bers of the executive board of the
league, also was made public by
Mr. Libbey, whose signature was
appended in his capacity as execu-
tive secretary.

The letter denies any interest in
Communism on the part of the
council, announcing the "sole pur-
pose" of the organization to be
the "ultimate eradication of war
as a means of settling interna-
tional differences." It declares the as-
serted statement of Gen. Fries that
"after two civil organizations with-
drew their endorsement of the
council when its nature became
known" to be "manifestly false,"
only forty-nine organizations ever
having been affiliated with it.

**START DEATH FIGHT
ON HOUSE OF DAVID**

**MICHIGAN BEGINS ACTION
THAT MAY MEAN END OF
RELIGIOUS CULT**

(BY A. P. MONT WIRE)
LANSING (Mich.), April 3.—
State action that may result in
putting the Israelite House of
David out of existence was begun
in the Tenth (Lansing) county
Circuit Court today, at the instance
of Gov. Grosbeck and State At-
torney General Dougherty.

The action in the form of quo
warranto proceedings, will compel
leaders of the Benton Harbor cult
to appear in court and prove to
the satisfaction of the judge that
the religious organization should
continue to function.

The proceedings were the result
of testimony adduced at the recent
trial in the Federal Court at
Grand Rapids of John Hanesell
and his wife against Benjamin
Furnell, head of the House of
David. The suit, begun to collect
\$50,000 the Hanesells say was due
them for property turned over to
the cult and for labor performed
by them and members of their
family, took a sensational turn
when witnesses for the plaintiffs
declared on the witness stand that
acts of immorality had been prac-
ticed by Furnell. The verdict in
the Hanesell case, has not been
handed down.

**BULGAR REPARATIONS
DIVISION IS DECIDED**

**PERCENTAGE DISTRIBUTION
GIVES FRANCE MORE
THAN HALF**

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, April 3.—The percentage
of distribution of the \$50,000,000
gold francs reparations from Bul-
garia has been agreed upon with
the exception of 14 per cent,
which is reserved for these Allied
countries not represented at the
Spa conference in 1920.

Bulgaria will receive 5 per cent
under the Spa agreement, the per-
centage of which will stand:
Great Britain, 22; Italy, 10; Bel-
gium, 4; and Japan and Portugal
each three-fourths of 1 per cent.
While reparations in kind will be
made by Bulgaria to Rumania and
Greece, they will not participate
in cash payments under the present
agreement.

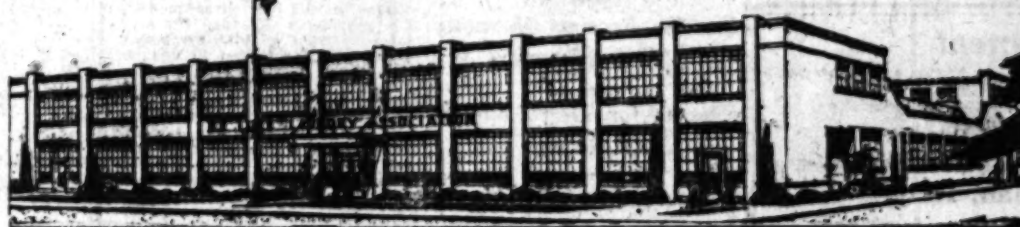

It is understood that the first
payment of 2,500,000 gold francs
will be made to the Allies in July.
The Reparations Commission has
not yet fully approved the settle-
ment reached in Sofia.

THE DE LUXE LAUNDRY

Association of Los Angeles

THE PLANT—To be located at Inglewood and Slauson Ave., will be a decidedly new departure from the present style of laundry. Mr. Pennell, Architect and Engineer, expresses the opinion that the plant as designed will produce at least 40% more volume per hour, per square foot of floor area than any of the now existing laundries.

CAPACITY—The capacity of this initial unit will permit it to serve 50,000 persons weekly, operating four distinct departments as follows:

1.—FINISHED FAMILY LAUNDRY SERVICE—For families and individuals.

2.—DRY CLEANING—RENOVATING—DYEING—Covering suits, gowns, draperies, curtains, rugs and carpets.

3.—SHOE REPAIR AND RENOVATION—Specializing in the treatment of welts and uppers for extensively prolonging the life of the leather, introducing a new process and treated bot-
toms, and special heel rebuilding.

4.—HOTEL AND APARTMENT SERVICE—This special department is designed to meet the full requirements of hotels and apartment houses.

MANAGEMENT—The Association has entered into a contract with the well known Industrial Analysts and Executive Engineers—James J. Toy & Company, Inc. It will be under the personal direction of Colonel James J. Toy, who as chief of an industrial division of the War Department, involving thousands of employees and millions of dollars' working capital, scattered throughout the world, is credited with being the only officer in the history of all the world wars to have returned from Government War activities, actual profits to the people, and these profits aggregated millions of dollars annually.

A limited amount of the capital shares of the De Luxe Laundry Assn. is offered for a lim-
ited time only.

SLAVICK'S

convenient credit
**WEAR WHILE
YOU PAY**

The Slavick
system of
credit allows
you to wear the
diamond while
paying for it.
No interest is
charged for the
benefit in you
of the easy pay-
ment plan.

APRIL—THE "DIAMOND"

April has as its birthstone the Diamond — most glorious of all
gems, and Slavick has a plan the most convenient way to pur-
chase one.

A MONTH OF LOW TERMS
\$37.50, \$50, \$75, \$100 and up
\$100 Diamond Rings

Your choice from a large selection of Diamond Rings, artistically
beautiful in their very latest designed mountings of 18-karat Be-
lais White Gold.

SPECIAL APRIL TERMS
\$2.50 Down—\$2.50 Each Week

It is easy to own a Diamond in this way. You simply pay \$2.50
and enjoy wearing the ring while you pay the balance in weekly
or monthly sums so small that they never will be missed.

Whether for birthday or engagements, the Diamond is the gift
supreme, an everlasting reminder of the love and affection that
prompted the giving.

Open Saturdays Until 9 p.m.

BAD BREATH

Dr. Edwards' Olive Tablets
Get at the Cause and
Remove It

Dr. Edwards' Olive Tablets, the
substitute for calomel, act gently
on the bowels and positively do
the work.

People afflicted with bad breath
find quick relief through Dr. Ed-
wards' Olive Tablets. The pleas-
ant, sugar-coated tablets are taken
for bad breath by all who know
them.

Dr. Edwards' Olive Tablets act
gently but firmly on the bowels
and liver, stimulating them to
natural action, clearing the blood
and gently purifying the entire
system. They do that which dan-
gerous calomel does without any
of the bad after effects.

All the benefits of nasty, sick-
ening, gripping cathartics are derived
from Dr. Edwards' Olive Tablets
without gripping, pain or any dis-
agreeable effects.

Dr. F. M. Edwards discovered
the formula after seventeen years
of practice among patients af-
flicted with bowel and liver com-
plaints, with the attendant bad
breath.

Olive Tablets are purely a ve-
getable compound mixed with olive
oil; you will know them by their
olive color. Take one or two every
night, break fast, and the bad
breath will be gone. — (Advertisement)

Had Rheumatic Eczema So Bad

Could Not Appear in Public
Hokars Quickly Heals

"I want to say that I suffered the
most awful agony from what the doc-
tors called Rheumatic Eczema. The
inflammation and pain was so in-
tense that almost boiling water had
no effect and only felt blood warm
on my face. I could get no sleep and
was constantly growing with pain.
My doctor gave me several remedies
in the way of greasy ointments which
had the worst effect on my skin. I
got little relief and could not appear
in public. My druggist advised HOK-
ARS. I tried a small jar and got
immediate relief. It will do all and
exactly what you claim for it and I
am willing to answer any inquiry
concerning it." Signed A. C. P. For-
land, Maine.

If you or any relative or friend
suffer with severe skin trouble, don't
think it necessary to use some greasy
or smothering ointment that at the best
can only give temporary relief. Get a
bottle of Hokars on the money back
if dissatisfied plan. Most every drug
store can supply you. — (Advertisement)

Cuticura Heals Rash Over Baby's Face And Body

"When my little girl was nine
months old she broke out with a bad
rash over her face and
part of her body. At first
the rash was red, but later
turned to white blisters
which were very itchy and
bothered, causing my baby to be
cross and fussy. It was
worse and she could not
sleep on account of the irritation."
"I read an advertisement for Cuti-
cure Soap and Ointment so pur-
chased some, and when I had used
two cakes of Cuticura Soap and some
of Cuticura Ointment she was
completely healed." (Signed) Mrs.
C. H. Deaneberry, Mother, 2
Box 55 Fowler, Colo.

Cuticura Soap, Ointment and
Talcum promote and maintain skin
purity, skin comfort, and skin beauty
when all else fails.

Write for Free Booklet, "How to
Keep Your Skin Pure, Soft and
Beautiful." Cuticura Soap, Ointment and
Talcum are sold everywhere.

Kidney and Bladder Troubles HAVE TO GO

Clears up Kidney Deposits and
Disinfects and the Toxic
(Poisons) Completely Drives
Out Druggists Told to Guar-
antee It in Every Instance.

"Your very life," says Dr. Cramer, "de-
pends upon the purity and health of
your kidneys, as kidneys are the
great excretory organs."
"I have known many people who
have been suffering for years with
kidney troubles, and who have
suffered the most excruciating pain,
and who have been told by their
doctors that they were incurable,
and who have been told that they
were going to die, and who have
been told that they were going to
be blind, and who have been told
that they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and
who have been told that they were
going to be insane, and who have
been told that they were going to
be paralyzed, and who have been
told that they were going to be
blind, and who have been told that
they were going to be deaf, and

Is Your Back Giving Out?

IS that constant backache getting on your nerves? Does every morning bring the same dull, throbbing ache—every evening the same utter weariness? Then you should be looking to your kidneys! Winter's colds and chills are mighty hard on the kidneys. That's why spring-time for so many folks is backache time! The kidneys fall behind in filtering the poisons from the blood. The effect on blood and nerves is quickly apparent. Your back aches, you have sharp, stabbing pains; feel nervous, weak and all played out. Headaches come, too, with dizzy spells and annoying bladder irregularities. Don't neglect these early symptoms—delay may mean serious kidney sickness. Help your weakened kidneys now with Doan's Kidney Pills. Doan's have helped thousands. They should help you. Ask your neighbor!

Read How These Los Angeles Folks Found Relief:

W. E. DELAPORTE, painting contractor, 1445 E. 27th St., says: "The funny of pains, in all probability, affected my kidneys. When I worked in a cramped position I had cutting in the small of my back. My back was lame, sore and ached practically all the time and I felt out of condition. My kidneys were weak and the frequent in action and this was the sign I needed. Doan's Kidney Pills stopped the backache in a short time. My kidneys were put back to normal action and I give Doan's the credit."

MRS. E. E. COLE, 2254 N. East Lake Ave., says: "My kidneys were weak and I had pains across my back. I was hardly ever free from headaches and had no energy. The action of my kidneys was irregular. I used Doan's Kidney Pills and they helped me wonderfully. The backaches left and I was free from the headaches. My energy was restored and my kidneys acted regularly."

G. A. COOK, 2125 Durwin Ave., says: "My kidneys went back on me. I had no control over their action and had to get up often at night. The color of the secretions gave silent proof of the exact condition of my kidneys. Backache pains set in and my limbs pained terribly. Stabbing pains across my kidneys stopped my strength and I was out of trim all over. It was remarkable what Doan's Kidney Pills did for me. Doan's cured every symptom of kidney trouble."

Doan's Kidney Pills

TARIFF TO MAKE BUDGET BALANCE

Customs Receipts Mounting Tremendously

Returns for March Shatter All Records

Report Indicates Buying of Foreign Goods Increases

(INCLUDES DISPATCH)

WASHINGTON, April 3.—If customs receipts continue to increase at the rate they have been increasing since the new tariff law went into effect last September, the government budget at least will be balanced at the end of the fiscal year, June 30 next. This is the significance of the announcement by the treasury today that customs receipts for March, totaling \$62,172,000, broke all records, the nearest previous approach to this figure being September last, when \$61,255,000 was paid into customs houses in the rush to get imports into the country under the old tariff rates.

At the beginning of this calendar year government authorities estimated that at the close of the fiscal year on June 30 there would be a deficit of approximately \$23,000,000. That was on the assumption that the tariff bill would have produced between \$400,000,000 and \$415,000,000.

ESTIMATES EXCEEDED

Now, in the nine months of the

TRADE

J. F. SUGARMAN, Auctioneer.

present fiscal year that have passed the customhouses have collected \$465,725,000, or almost \$175,000,000 greater than in the corresponding period of the previous fiscal year. In other words, tariff collections in this first three-quarters of a year have exceeded the estimates of what a full year would produce, as mentioned in debates when tariff legislation was before Congress. At that time it was assumed that \$400,000,000 a year was the maximum that could be collected in one year. In January this estimate was raised to a possible half-billion. Now, in view of today's figures, the most conservative estimate in the Treasury Department is that \$500,000,000 will have been collected by June 30.

Here then is \$10,000,000 to the good and the January estimate, to apply on the reduction of the estimated deficit of \$23,000,000. But, will \$10,000,000 be the limit of the increase? There are many indications that it will not, for as the months go by, each month shows more revenue collected at customhouses than anyone believed possible. The American people are buying abroad at an unexampled rate.

NO BREAK IS SEEN
Economists in the Treasury Department offer an explanation of the fact that the general price level has advanced to the point where the tariff does not materially restrict. That is, foreign goods can still come in, pay the new tariff rates and sell on a competitive basis.

Nothing is in sight to indicate a break in this increased buying. On the contrary, there are many indications that it will continue. Such figures as are available indicate that the majority of the imports in value is made up of raw materials or partly manufactured products. In other words, the purchases abroad by Americans are of a character that do not seriously compete with American industry.

PIERCE ARROW

FRENCH LANDAU—SEVEN-PASSENGER

—for those who desire a town car that reflects the most modern touches of distinction and individuality. One cannot see this beautiful car without sensing at once an "air" that stamps it as one of the "royalty."

To an outward beauty of unusual grace is added an interior in which the latest touches of fashion are quite evident.

Seven passengers may be accommodated amidst luxurious comfort. Those in the deep, wide rear seat enjoy a delightful privacy. Yet through the broad crystal-clear windows, the passing panorama may be viewed with unobstructed vision. The forward-facing auxiliary chairs are unusually comfortable.

For town use—formal or informal—for long tours or inter-city dashes, the Pierce-Arrow French Landau is perfectly equipped and appointed. In warm weather the broad windows may be dropped. Or the rear soft-leather section may be lowered completely.

Perfect riding comfort and the satisfaction of uninterrupted service are assured by the Pierce-Arrow chassis which includes the Dual-Valve, Dual-Ignition Six-Cylinder engine.

We are now displaying this modern Pierce-Arrow creation as well as other current open and closed models. Upon request we will be happy to place a car at your disposal for a complete test.

ALHAMBRA

Where A Segregated Industry Stabilizes Prosperity

RAILROADS have charted the path of industry, forcing by freight traffic rates its location in large transportation centers. The congestion of these centers has augmented the paramount industrial problem of today by encouraging a transient and hence unstable body of mechanics without local interests.

With the increased seriousness of the labor situation, far-sighted captains of industry are encouraging the home-owning workman by building their plants away from metropolitan centers where there is plenty of land for homes, realizing that industrial success depends upon a stable body of employees.

Alhambra, "where life is worth while", has all that these captains of industry are seeking, and more. In a 300 acre segregated industrial district, surrounded by new residential subdivisions, a local syndicate of public spirited citizens has purchased a 100 acre tract near the city limits of Los Angeles for industrial purposes, to be fully equipped with rails, power, etc. for factories, and sold to industries at raw land prices.

Catching the community spirit of this move, the Southern Pacific is laying drill tracks to serve completely this entire 100 acres.

The Southern California Edison Company, foreseeing future needs, is spending nine hundred thousand dollars for development in the Alhambra district this year, insuring abundant power for the city's industries.

Between 1909 and 1920 the value of products annually manufactured in California increased 273%. Last year the annual production in Los Angeles

alone was approximately \$300,000,000 greater than that of the State in 1909.

The present industrial trend is toward Alhambra. Her industrial district, so segregated as not to intrude on the comforts of home life in this garden gateway to the beautiful San Gabriel Valley, has everything that a forward looking industry could desire, located in the heart of one of the fastest growing sections in the world.

Here the city encourages industry and industry stabilizes prosperity with an adequate payroll.

OATMAN MINERS DEMAND RAISE

Strike May Follow Action if Compromise Fails

Trouble Caused by Higher Scale in Copper Camps

Fishermen From East Coast Imported; Business News

Labor difficulties in the Oatman gold mining district in Arizona are threatening to either entirely halt or seriously curtail operations as the result of the demands of the miners for a wage increase of 11 a day. Wire advice received here yesterday stated that copper mining companies are offering higher wages, and the miners are determined to force the issue at Oatman, or migrate bodily to the copper mines.

The demands of the miners have been refused by the Tom Reed Company, one of the large operators in the district, and yesterday, the directors of the United Eastern Mining Company discussed the question at their regular quarterly meeting here, but Philip Wiseman, president of the company, declined to state what course would be pursued.

Oatman reports to Los Angeles brokers describe the situation as discouraging, with little probability that the miners will accept a compromise. The greatly increased operations of the copper mining companies, and the high wages paid as the result of a labor shortage are said to have caused the existing conditions, and while the gold miners have not decided upon a definite strike, such an action is believed to be imminent.

The Tom Reed Company is reported to have discharged a number of men as the result of the agitation, and United Eastern is said to have suspended work for the day shift. The miners are expected to meet immediately to decide upon the action to be taken, if their demands are categorically refused. The present wage for miners is \$5 a day.

It is believed here that if both the Tom Reed and United Eastern mines are shut down, mining activity in Oatman will be given a serious setback. Development in the district has been slow since 1916, and as the ore bodies are all said to be at deep levels, the copper districts, the Oatman boom may be indefinitely postponed.

The opinion was expressed by some quarters yesterday that a compromise may be effected. A majority of the miners are said to reside here in Oatman, and rather than move, would accept arbitration of the dispute. Such an agreement, however, will inevitably involve a higher wage, it is believed, because of the policies adopted by the copper interests.

IMPORTED FISHERMEN
To handle the large catch of fish expected this season off the Alaskan coast, one of the companies operating a number of the fishing boats has imported sixty-one master fishermen from Gloucester, Mass. The New Englanders arrived in San Francisco yesterday from Boston in charge of R. C. Landus, traveling agent of the Atchison, Topeka and Santa Fe.

The Alaska fishing fleet is outfitting in San Francisco now, and will leave late this month for the fishing grounds. There is reported to be a dearth of Japanese, Philippine and Chinese for the fleet this year, necessitating the services of the skilled Gloucester men.

ERRONEOUS REPORT
No comment was forthcoming yesterday at the office of the California Petroleum Corporation, on the report from San Francisco that a sale of the company's properties to Standard Oil of California was being consummated.

The Standard Oil rumor in connection with California Petroleum is an old one here, and very little credence is placed in it. Officials of the company continue to assert

DAILY TRADE TALK

New Head for Citizens' Trust; Farmer's Position Improved; Record Tax Receipts

George W. Walker was yesterday afternoon elected president of the Citizens' Trust and Savings Bank, to succeed the late Arthur J. Walters.

Mr. Walker has been a prominent figure for many years in Los Angeles banking circles and active in an executive capacity in both the Citizens' National and Citizens' Trust and Savings banks for the past twelve years.

In 1911, when the Citizens' National Bank purchased the Broadway Bank and Trust Company, he was asked to continue as chairman of the executive committee, an office which he has held in the Broadway bank for a number of years. Since that time Mr. Walker has continued at the head of the executive committee of the Citizens' Trust and Savings Bank and has seen the institution grow from the comparatively small beginning at the Broadway location in 1911 to the Citizens' Trust and Savings Bank that it is today, with twelve successful branches and deposits of more than \$11,000,000.

While the organization of the Citizens' Trust and Savings Bank was under way he occupied the office of president for a year, and later, when he returned from a trip

around the world, was made the first vice-president.

The new president came to Los Angeles from Arizona in 1921 and is an officer and director in many large and successful business institutions. He is a power in financial circles and the vigorous supporter of every enterprise looking to the development and welfare of Southern California in general and Los Angeles in particular.

FARMER'S POSITION

The farmer has been the nation's financial root for a long time. "Fifty the poor farmer" has been a frequent line, always sure of sympathetic response. As a matter of fact, the farmer is in better financial case at the present time than he has been for several years. He is buying. That is always a good sign. The farmer does not buy unless he has the wherewithal. That is to say, he does not buy miscellaneous commodities in the luxury or semi-luxury class. Mail-order reports show that he is again in the market in impressive volume, and that he is meeting his obligations promptly. The farmer did receive a terrific bumping in the process of readjustment, but he is coming back.

BUSINESS CONDITIONS

Armour's Magazine says that the only discordant note in the symphony of business betterment is the political condition and its reaction on exports. As a matter of fact, plenty of good people think that the export question is being unduly emphasized, and that this country will have all it can conventionally attend to in catching up with its own development during the next few years.

In any event buying is going forward on a very healthy scale, and there are few industries which have too adequate equipment or supplies. This also applies to jobbers and retailers whose stocks have been pretty well sold down. We are going ahead without Europe. Steel tonnage, car loadings, bank clearings, cheaper money rates—all are in evidence. Speculation is well sustained, although the bond market is a bit quiet. There is very little unemployment anywhere in the country.

Lloyd S. Gilmore of Blyth, Witter & Co., said yesterday in New York that market conditions have improved materially; that talk about undue inflation appears to be groundless, and that business is on a more sound footing than for many months notwithstanding the recent rise in wholesale prices.

RESERVE RATIO

In 1929 the combined Federal

Illinois Power & Light Corporation

First and Refunding Mortgage Gold Bonds 6% Series "A"

Dated April 2, 1933. Due April 1, 1935. Redeemable to 1942 at 105 and accrued interest, and 1/2 per cent. less each year thereafter to maturity. Semi-annual interest April 1 and October 1. \$1,000, \$500, and \$100 Coupon Bonds.

Illinois Power and Light Corporation, organized under the laws of Illinois to acquire and merge an extensive group of old established and successful public service enterprises, will directly own and operate or control electric power and light, gas, heat and city railway properties in a large number of the most populous and prosperous municipalities in Illinois.

About 70 per cent of the net earnings are derived from electric power and light, gas and miscellaneous sources. For over nineteen years the principal companies constituting this system have steadily increased in earning power, and have paid dividends on their preferred stocks without interruption. Net earnings are over twice annual interest charges on the total mortgage debt outstanding.

These bonds, in opinion of counsel, will be secured by direct mortgage or collateral lien on properties appraised at a value, as of December 31, 1932, very substantially in excess of the total debt, and will be a direct first mortgage or lien free of prior encumbrance on properties, including some of the most important power and light properties of the system, which alone produce net earnings considerably greater than the interest charge of this issue.

Proved

Purchased

—then I purchased

The 6000-barrel Keck well—the 4000-barrel Fois—the 6000-barrel Baldwin No. 1—the 4000-barrel Santa Fe Springs Syndicate well—the 4000-barrel Buckeye Union

Well—the Julian well—the 6000-barrel Elliott well, and the 6000-barrel Russell well, proved Santa Fe Springs conclusively as the greatest high gravity oil field.

the world has ever known. They definitely outlined the Santa Fe Springs structure.

Those wells—especially the Julian—the Russell—and the Elliott—proved 19 great acres there an immensely valuable oil land.

We bought that 19 acres. *It cost us \$410,000.00.*
Out of that 19 acres, we carved five—the five acres

that **adjoin** the **very ground** on which sits the 6000-barrel Russell well.

We called it Yankee's five acres—immediately ordered two derricks rushed to completion upon it—signed a contract with Harry Failing to drill thereon two wells at \$150,000

each on a turnkey basis (which means wells guaranteed completed to the Meyer sand.)

THE FACTS:

Yankee's five acres adjoin the 6000-barrel Russell well. Yankee pays a 50% royalty—Yankee's land is the kind that only that kind of a royalty will buy. Yankee's five acres

Two Yankee wells drilled and completed in the Meyer sand

There are just 4000 Yankee units all told—They cost \$100 each. Yankee unitholders get all of Yankee's oil—

every barrel of it—until every Yankee unitholder, except **myself**, gets a full 100% in cash dividends. Then myself, and my organization get as our total remuneration for all

money and labor expended by us in buying the lease—drilling the wells—and in advertising this opportunity to you—**one barrel out of every four that these wells pro-**

duce. But we don't get that until everybody else has received a full 100%.

Yankee at the present price of oil—with wells making 4000 barrels per day—will pay the owner of five Yankee units, 100% on his investment in 75

days and pay him \$337.50 every ninety days just as long as the wells produce that much oil.

And should Yankee's wells equal in production their nearest neighbor, the Russell — as oil men confidently expect them to do — and as the geological structure of the Santa Fe Springs tes-

will pay 100% in fifty days and better than \$30 every thirty days.

You who can spare the money — who know Santa Fe Springs, and the investment values there, you will buy

You who appreciate how rapidly Santa Fe

**Springs oil investments are being subscribed will
buy them at \$100 each TODAY:**

Alma E. Urquhart at Noon and Helen Broadwell Tonight

and "After Every Party."

A scarf of rainbow hues rippled from the bow of Lee Wiseman, violinist, who favored listeners in with "Cavatina," by Raff, "Hungarian Dance," by Brahms, and "Loin du Bal," by Giletti. A shimmering of self in music to bring out fine shades of meaning, technique and interpretative facility were noticeable at the first silk thread of sound. He revealed virtuosity as well as subtlety.

The golden tain of a flute was given by Agnes Pearson, accompanied by Ethel Harbison, talented young Los Angeles composer. Tendrils of glowing melody in "Serenade," by Titi, the haunting rhythm of "La Paloma," by Yndy, and the sweet chant of "Rosaire," by J. Donlon. Agnes Pearson is a flutist of recognized ability whose playing has insatiable sweetness and charm.

CHILDREN'S PROGRAM

An artist pupil of Lillian Fendick played for the kids and ladies during the children's program. This is Louise Newbold, pianist, her numbers were "Brava," by Florence Newell Barber, and "Remembrance," a bit of the heart's treasure by Louise Fendick. The pianist acquitted herself with skill and ease.

A little brightness and humor was provided by Edward Chester, boy reader, with a pianologue, "Soap," accompanied by Mrs. E. H. Chester, and a reading, "Best Things," Edward's entertainment was spontaneous and enjoyable.

The clear, rich soprano voice of Mrs. D. L. Mitchell was heard at

noon. Accompanied by Iona Craven, skillful pianist, she sang "Boys and Girls," and "A Dream," by Bartlett. With a fullness of tone well modulated and that warmth which so happily rounds out a good singer, she succeeded in giving graceful beauty and feeling to the selections.

Also on the noon program was Florence Mitchell, saxophone soloist, who needs no introduction. Her saxophone is not of the meaningless, jangly kind. Florence plays with a roundness and softness of tone that afford real pleasure to her hearers. She played "Sweetest Story Ever Told," and "Swanee River Moon," accompanied by Gladys Robertson, who accorded musical smoothness in an able manner.

Harriet B. Drummond of 1827 Geneva street, Hollywood, submitted the facts in The Times want-ad contest, winning the second prize in the competition for the best true anecdotes of things achieved by reading or using Times classified advertising.

Miss Drummond's story follows: "For low rates, wide circulation, and quick results you can depend upon the Want-ads of the Los Angeles Times."

"The members of an old and well-established Los Angeles firm decided to sell off their goods, discontinue partnership, and retire, as they had plenty of money."

"Mr. Smith, one of their trusted employees, was not by any means ready to quit business, and was quite concerned as to his future. He knew of no opening in his line in Los Angeles and although he was offered a position in Arizona he hesitated about taking his family to such a hot climate, and his children from the wonderful schools of Los Angeles."

"Finally, he was looking over the want-ads in The Times and found one where a man wanted to buy out a well-established business, in a certain line, which happened to be the same line of which the Los Angeles firm was going to discontinue."

"Friend Smith got busy at once, saw this man, reported the matter to his firm, who, in a few days, sold out to the advertiser. Mr. Smith was kept in his old position as buyer and is now junior member of the firm. The business is prospering and two families made happy all due to The Times want-ad."

JEWELS AND CLOTHING
TAKEN BY BURGLARS

Police detectives from Hollywood Station are investigating the theft of more than \$100 worth of jewelry and clothing from the home of E. J. Ott at 721 North Kern street. According to a report made to Officer Frederick Tromper, burglars forced their way into the house and carried off a diamond sunburst, a pair of platinum and diamond earrings, a fur coat and other valuables.

19x26 Feather Pillows, \$1.50

Goose Feather Pillows, in heavy herringbone or fancy art ticking, \$4.00

The first Bedding Feature of April—Bullock's Sixth Floor.

"Pied Piper" Children's Shoes

Featuring Baby Welt Soles—soles substantial enough to give the support which even baby feet require when they are walking—but flexible enough to give easily for the tenderest feet.

"Pied Piper" shoes are scientifically designed for growing feet. Their inner construction is noteworthy because of its unusual smoothness. Sizes 3 to 5½ are \$3.50; sizes 6 to 8 are \$3.75.

Bullock's Children's Shoe Store, Fifth Floor.

\$5.95 Slip-Overs Wool and Wood and Fibre

So much has been said of the vogue for sweaters—so many sweaters are seen wherever Fashion is seen—the youthful attractiveness of the slip-over style is so widely recognized—that elucidation is unnecessary.

Merely the announcement that Bullock's is presenting a very attractive display of slip-over models at \$5.95, is sufficient to make you know that if you are interested in Sweaters (and everyone is), you should investigate.

Bullock's Sweater Section, Fourth Floor.

Hoover Sweepers At Bullock's!

They may be purchased on the convenient Bullock Term Account Plan.

Hoover demonstrations at all times on Bullock's Second and Sixth Floors and Basement Store.

Luncheon

Is perhaps the most delightful part of the shopping tour—if that luncheon is at Bullock's Tea Room—Eighth Floor.

A prominent style: Colonial pumps with one strap fastening under the scalloped tongue. In black satin—with either French or Baby French heel.

Illustrated is a 2-strap suede pump with leather Cuban heel—in taupe suede. A similar style, with the addition of perforations on the tip, in brown kid—also \$5.85.

Included in this extensive showing of women's low shoes are between 40 and 50 different styles. Not all sizes in each style, but all sizes included in the group.

Bullock's Fourth Floor Shoe Section.

Infants' Dresses are Special, Priced \$1.50

Infants' and one-year size Dresses and Gertudes—daintily lace trimmed—and more than ordinarily appealing—at \$1.50.

Pillow Slips, too, are quite specially priced at \$1.25.

dainty hand-made, hand-embroidered slips.

Infants' and Children's Wear, Bullock's Fourth Floor.

Pequot Sheets, \$1.75

Purchases must be limited to 6 sheets to a customer.

To Sustain You TREE TEA

Tree Tea is the rush and
small, the stress and strain of
this work-a-day world. The
faded feeling that steals over
us after hours of steady work,
quickly vanishes with a cup of
delicious Tree Tea.

Refreshing as the ozone of the
mountain, good tea, while
mildly stimulating, soothes
fatigue and rejuvenates
the weary body.

Tree Tea has a rare perfection
of flavor. It is the one high-
grade tea that costs you so little.

REVENGE FOUND MURDER MOTIVE

Hatchet Victim Said to Have
Cheated Associates

Underworld Repeats Tales
of Shady Deals

Pair Who Took Clothing Are
Sought by Police

That Munio Spaninato met
his death Easter morning at the
hands of a blackhand gang in
retaliation for several deals in
which he had double-crossed and
injured them, and that two mys-
terious foreigners had visited and
ransacked his room at 423 North
Grand avenue the afternoon pre-
ceding the slaying and had car-
ried away all his possessions, con-
stituted the information un-
earthed late yesterday by police
and deputy sheriffs working on
the crime.

The slaying of Spaninato,
which, according to the statements
of former associates, had been
forecast many times, occurred
early in the morning on a des-
olate section of the Emory ranch,
near Fullerton. The head and the
shoulders had been horribly
hacked with a hatchet, and the
body partially covered
with an old army blanket and
flowers picked from the surround-
ing field.

Every indication of the slaying
pointed to revenge as the motive,
as nothing of value was disturbed
on his body. More than \$200 in
cash was found in the pockets, in
addition to several valuable papers.

KILLING STORY HEARD

From information obtained yester-
day by Chief Deputy Al Mann-
ing and Deputy Sheriff J. B. Sepul-
veda, it was learned that Spanina-
to had frequently confessed to
several friends that he had killed a
policeman and wounded two oth-
ers while operating a hotel at
Coney Island some time ago. From
other sources it was also learned
that Spaninato had often been
threatened with death for his par-
ticipation in questionable deals
and for the asserted doublecrossing
of his partners. His activities in
an asserted booze and dope ring,
police assert, have also caused the
enmity of several powerful figures
in the underworld life of the city.

PAIR DESCRIBED

According to Mrs. Roberta
Brainer, manager of the room-
ing-house, the man, evidently Ital-
ian or Mexican, both quietly
dressed and smooth shaven, with
dark hair pulled low over their
eyes, drove up to the house in a
coupe and told her that Spaninato
was sick and that they had come
to remove his possessions.
Spaninato had registered there
on March 24 and had paid a week
in advance, his time being up last
Saturday. Last Wednesday, Span-
inato left the house and never
came back, the arrival of the men
for his clothes being the first heard
of him since his departure three
days previously. According to
Mrs. Brainer the actions of the
men were suspicious. While one
entered Spaninato's room the other
remained in the machine and kept
the engine running. When the
other man came out, the contents
were dumped hastily in the bottom
of the machine and they drove
rapidly off, saying that Spaninato
would not be back.

Council Votes City Workers Pay Increases

Increases in salaries for nearly
3000 city employees, beginning
July 1, were authorized yesterday
by the City Council, under a plan
and schedule initiated by President
Criswell.

The increases range from \$10 to
\$15 a month, and under the ordi-
nance adopted by the Council yester-
day, the pay raise is a "blan-
ket" one, arranged according to the
present salaries received by the city
employees.

Those not affected were patrol-
men, police sergeants, firemen,
lieutenants and captains, and oth-
ers who received increases this
year, as well as harbor and pub-
lic service department employees
who receive higher pay than other
city workers.

The increases will cost for the
fiscal year beginning July 1 about
\$600,000.

Wife Doing Good Work

"I have been bad off with stom-
ach and liver trouble and bloat-
ing for many years. No doctors
or medicine helped me. On the
advice of my druggist, I bought
a bottle of May's Wonderful
Remedy and I don't want to miss
a single dose. It has given me
more benefit than all the medi-
cine I have ever taken. I feel I
am doing good to recommend it
to others." It is a simple, harm-
less preparation that removes the
catarrhal mucus from the intes-
tinal tract and allays the inflam-
mation which causes practically
all stomach, liver and intestinal
ailments, including appendicitis.
One dose will convince or money
refunded. At all druggists.—(Ad-
vertisement)

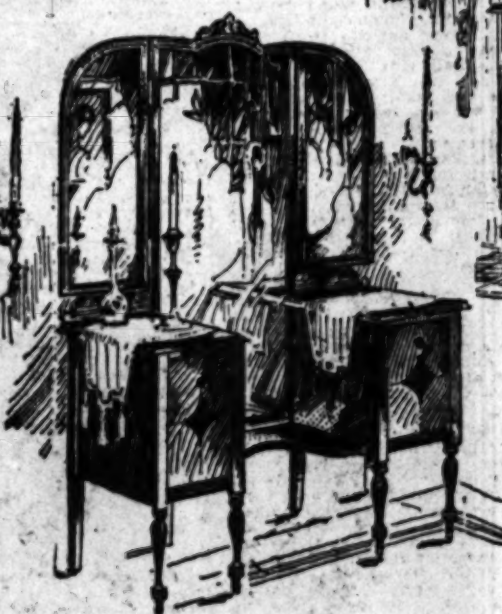

A MULTITUDE OF WOMEN RECOMMEND IT

The strongest recommendation
possible for any medicine to have
is the sound testimony borne by
the vast multitudes of women who
have used it. It has been proved
that 98 out of every 100 women
suffering with ailments that caused
suffering and despair have been
restored to the joys of health by
Lydia E. Pinkham's Vegetable
Compound. This marvelous record
shows its power over the ills of
women, and the letters of recom-
mendation we are continually pub-
lishing in this paper should induce
every ailing woman to try it.—(Ad-
vertisement)

**ROTARY HORDES
MEET THURSDAY**

First Annual Conference of
Second Districts

Pasadena Entertains Clubs
This Week

More Than 1500 Expected
to Be Present

More than 1500 prominent Ro-
tarians of the reorganized Second
District are expected to at-
tend the first annual conference to
be conducted by officials of the dis-
trict, which comprises California,
Nevada and Hawaii. The sessions
will be at the Raymond Theater,
123 North Raymond avenue, Pa-
sadena.

The Rotary Club of Los Angeles
already has registered 100 per cent
and the 300 members of the club
will be there with bells on," ac-
cording to President Harry Harper.
On account of the convention there
will be no meeting of the Los An-
geles club Friday.

Headquarters for the Rotarians
will be at the Maryland and the
people of the Crown City are mak-
ing elaborate preparations for the
entertainment of their guests. The
sessions at the Raymond Theater
tomorrow, Friday and Saturday
will be presided over by John R.
Williams, district governor.

OPENING ADDRESSES

At the opening session tomorrow
addresses will be made by Gov.
Williams and Herbert J. Hall, pres-
ident of the Pasadena Rotary Club.
The afternoon session will be fea-
tured by addresses on "Rotary
and the Individual," "Rotary
Ideals," "The Challenge of the
Boy," by Paul Heiger, Harry Har-
per and Dr. Harry Roach, presi-
dents, respectively of the San
Francisco, Los Angeles and Long
Beach Rotary Clubs. In the eve-
ning Ed Kelsey, president of the
Toledo (O.) Rotary Club will speak
on "The Education of Crippled
Children."

At the session Friday at 9:30
a.m. nominations for district
governor for the coming year will
be in order and the following
speakers will be heard: Judge
Sidney B. Kelsey, president of
the Berkeley Rotary Club, on
"Rotarians' Opportunity with the
Boys" and Ed Kelsey on "Palship
With the Boy."

At the Friday afternoon session
the Bakersfield contingent will give
a dramatic production. The election
committee will offer its report
and addresses on the theme of
"Rotary and the Future" will be
made by Tom Davis of the Butte
(Mont.) Rotary Club and George
W. Cartwright of Los Angeles.
Friday evening a theater party
will be arranged for Rotarians and
their ladies.

SATURDAY PROGRAM

The Saturday morning session
will include addresses by Tully C.
Knobles, president of the Univer-
sity of the Pacific, Thomas Boyer
of San Francisco Rotary and John
Peters of Long Beach Rotary, and
an entertainment by members of
the Santa Ana Rotary Club.

Saturday afternoon the guests
will be taken to Mt. Lowe and the
Mission Play, and in the evening a
ball will be given in honor of the
Rotarians and their friends.

"Ladies only" are invited to the
reception to be given Mrs. John
R. Williams Thursday afternoon
in the Maryland Gardens, and the
"less deadly" of the species will
also be barred to the Friday
afternoon automobile trip to the
Buach Gardens.

Just milk
pure · rich · safe

Borden's
UNSWEETENED
EVAPORATED
MILK

With the cream
left in!

How many housewives fully
understand that Borden's
Evaporated Milk is nothing
but pure good milk evap-
orated to double richness?

Women themselves have asked
so many times if special recipes
were needed when Evaporated
Milk is used.

You can use Borden's Evap-
orated Milk diluted one-half,
just exactly as you use ordinary
bottled milk.

For coffee and rich creamed
dishes use it undiluted in place of
expensive double cream.

**Business Heads
of District to
Greet Wallace**

Leaders in agricultural indus-
tries and production all over South-
ern California are sending in reser-
vations for the Los Angeles
Chamber of Commerce luncheon
in honor of Secretary of Agricul-
ture Wallace, who will be chief
speaker at the affair given Friday
noon at the Elita.

Owing to the brevity of his visit
here, the Secretary of Agriculture
will be heard only in Los Angeles.
He is arriving Thursday afternoon
to hold conference with agri-
cultural experts in this part of the
country before returning to Wash-
ington where he will make reports
on conditions in Southern Califor-
nia and other Western territories.

Vital interest is felt in the mes-
sage of this government official
and others speaking, to be intro-
duced by W. T. Bishop, president
of the chamber. The program in-
cludes brief addresses from C. C.
Teague, president of the Califor-
nia Fruit Growers' Exchange and
Walnut Growers' Association, and
J. A. McNaughton, vice-president
and manager of the Los Angeles
Union Stockyards.

A special menu including South-
ern California fruits and vegeta-
bles is being prepared for the
Secretary. Musical numbers will
be a feature of the occasion.

Other members of the govern-
ment party are W. A. Jump, sec-
retary to Mr. Wallace, and W. P.
Swingle of the Bureau of Plant
Industry.

LOVE SUIT DROPPED

Action for \$25,000 Brought by
Film Man Dismissed

Notice of dismissal of the \$25-
000 lost-love suit of Rrthur Koch,
film man, against Guyon Mosely
and the latter's mother, Mrs. Lucy
Bradshaw, was filed yesterday in
the office of the County Clerk.
The dismissal was filed "with pre-
judice," permitting the case to be
reopened at the discretion of the
plaintiff.

The complaint on which the
suit was based asserted that Mrs.
Kathleen Whitson Koch, wife of
the plaintiff, had returned home
one evening under the influence
of liquor, and had addressed her
husband as "Guy," leading the
latter to believe she had been
out with Mosely.

The complaint said further that
Mrs. Bradshaw had induced Mrs.
Koch to leave her home and take
an apartment at the beach, where
Mrs. Bradshaw had previously re-
sided.

**Let Us Estimate Your
Draperies Work**

You will be glad to give us an opportunity
to figure on your drapery work because
we are offering special inducements in order
to advertise the splendid work we turn
out. We can estimate from your blue prints
or will take measures at your home. Be
sure to visit our beautiful Drapery
Department, Second Floor.

**Snores After
Eating**

The person afflicted with gas in
the stomach and bowels often has a
tired, sleepy feeling after eating, par-
ticularly in the afternoon. In some
cases the fingers, arms or limbs "go
to sleep," due to gas pressure which
restricts circulation.

These annoying symptoms can be
promptly relieved by taking Gas-
man's Gas Tablets. Heating, belch-
ing, rambling in abdomen, heart pal-
pitation, nervousness, anxiety, and
other distress caused by gas will soon
disappear. The tablets are so easy to
eat that you can take them without ill-effect.

Gasman's Gas Tablets are harm-
less, pleasant and effective. Nation-
ally known and used. For sale by
leading druggists. Price, one dollar.
Be sure to get the genuine. In the
yellow packages. J. Gasman, Chemist,
San Francisco—Advertisement.
